**NEVADA IRRIGATION DISTRICT – HEMPHILL DIVERSION STRUCTURE
TECHNICAL SPECIFICATIONS**

**50% DESIGN
TABLE OF CONTENTS**

Division 01 – General Requirements

- Section 01 11 00 – Summary of Work
- Section 01 33 00 – Contractor Submittals
- Section 01 40 00 – Quality Requirements
- Section 01 55 00 – Site Access and Storage
- Section 01 56 00 – Protection of Existing Facilities
- Section 01 57 20 – Temporary Environmental Controls
- Section 01 60 00 – Products, Materials, Equipment, and Substitutions
- Section 01 77 00 – Project Closeout

Division 03 – Concrete

- Section 03 11 13 – Concrete Formwork
- Section 03 20 00 – Reinforcement Steel
- Section 03 30 00 – CIP Concrete
- Section 03 32 00 – Joints in Concrete
- Section 03 60 00 – Grout
- Section 03 65 00 – Epoxy Resin Adhesive Systems

Division 05 – Metals

- Section 05 12 00 – Structural Steel
- Section 05 50 00 – Miscellaneous Metalwork

Division 09 – Finishes

- Section 09 96 00 – Protective Coatings

Division 31 – Earthwork

- Section 31 00 00 – Earthwork
- Section 31 05 19 – Geotextiles
- Section 31 11 00 – Site Preparation (Clearing and Grubbing)
- Section 31 23 00 – Controlled Low Strength Material
- Section 31 23 19 – Dewatering
- Section 31 35 00 – Erosion and Sediment Control
- Section 31 35 20 – Erosion and Sediment Control Barrier
- Section 31 35 29 – Erosion and Sediment Control Turbidity Curtain
- Section 31 35 30 – Erosion Control (Vegetative)
- Section 31 37 00 – Riprap
- Section 31 41 16 – Sheet Piles
